### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance: The subject matter of the independent claims could either not be found or was not suggested in the prior art of record. The subject matter not found was a spin nut with a receptacle that engages with an radially extending member of an elongated body with the same cross-section, so as to inhibit rotational and longitudinal movement, but when the receptacle and radially extending member are not engaged, allows the spin nut to move longitudinally and rotate freely, in combination with the other elements of the claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Laura C. Schell whose telephone number is (571) 272-7881. The examiner can normally be reached on Monday-Friday 9am-5:30pm.
